January, 1968

Volume 2 — No. 1

INDIVIDUAL DUES SUPPORT FROM ONE HUNDRED GOLD KEYSMEN WOULD BE EQUIVALENT TO INCOME FROM \$2,000,000 ENDOWMENT

1967 — A SUCCESS 1968 — AN OPPORTUNITY

GOLD KEY, with its Second Annual Dinner a success; with strongly-functioning officers and directors; with by-laws adopted; and an impressive list of accomplishments; greets with confidence and high hopes, the challenges of 1968.

PLANS FOR '68

To stage two outstanding dinners — fall and spring;
To increase, by invitation and careful selection, its membership to a minimum of one hundred;

To ally members more closely with the University, to have them more fully informed on University programs and goals and accomplishments.

President Winstead said he hoped GOLD KEY would become a training ground for future University Trustees.

(James Donn, Jr., a GOLD KEY director, was elected a University Trustee in October, 1967.)

A GOLD KEY member, R. E. Welch of the Welch Scientific Co., Illinois, made a gift, in addition to his membership contribution, of a Turbo Molecular pump (\$5,300), a Cyro Refrigerator (\$395) and other gear, for a total value of \$6,094, for use by Dr. Raymond Pepinsky, Research Professor of Chemistry and Physics . . . at present Mr. Welch is readying a special densitometer and photometer unit that will be extremely useful to the University.

THE NOVACRAT

GOLD KEY issues its own publication — The Novacrat — monthly, except for the summer. Its columns are devoted exclusively to GOLD KEY members and GOLD KEY activities.

continued next column

" . . . If GOLD KEY remains closest to, and most knowledgeable about, Nova University; if its social aspects are continued and its programs are kept on the highest-quality level; and if it is a real factor in the development of the University; then it will be the real "In" group, and will have people waiting to get on its membership rolls."

In their first meeting of 1968 (January 4) the new officers and directors of GOLD KEY made great plans, heard enthusiastic predictions like the above, and chartered a definitive series of steps toward accomplishment of these purposes.

James Farquhar, chairman of the Nova Board of Trustees and the guest of President Cy Young at the GOLD KEY luncheon, was requested to consult the University Administration regarding the establishment of a GOLD KEY Chair in one of the sciences.

As Director Robert G. Friedman and President Young pointed out, few foundations, and far fewer individuals, can endow a University chair, but a man's \$1,000 membership fee, combined with those of 99 others, is the equivalent of the interest from a \$2,000,000.00 Trust . . . and that is GOLD KEY's immediate goal.

ACCOMPLISHMENTS IN 1967

GOLD KEY staged, or was host to:

The dedication of the Edwin M. Rosenthal Student Center on the campus;

A welcoming party and buffet dinner for students, faculty and staff—celebrating the actual on-campus opening of Nova University.

GOLD KEY'S OFFICIAL FAMILY:

(Photograph on Right)

On Settee:

M. R. "CY" YOUNG, President, is a former Mayor of Fort Lauderdale, is owner-operator of the Ocean Manor Hotel, and of the Worden-Young Company, import-export firm. He is developing acreage at Port Everglades, is a bank director, a broadcasting company official, and active in religious, cultural, social and community affairs. He has an expansive program for GOLD KEY.

JAMES DONN, JR. is president of Gulfstream Park at Hall-andale, and is a new Trustee of Nova University, as well as Director of GOLD KEY. He is also an officer of the Exotic Gardens Corporation. He is a Big Game hunter . . . in spare time.

STANLEY ALFRED EMERSON, Vice President, is vice president of GOLD KEY. He is vice president of Univis, Inc., and is active in the Museum of the Arts, the Fort Lauderdale Symphony, the Lauderdale Yacht Club, Pine Tree Golf Club, Palm Bay Club, Coral Ridge and Tamarac Country Club, and the Key Largo Anglers' Club.

Seated: (Left Foreground)

FREDERICK B. YOUNGBLOOD, retiring (and pioneering first) president of GOLD KEY, was born in Detroit. He is a yachtsman and former Michigan business executive. In World War II he saw service in Africa, Italy and the Mediterranean theater. Fred is most knowledgeable of, and enthusiastic about, GOLD KEY and its potential. He is a valued ex-officio member of the New Board.

Seated, Right

ROBERT G. FRIEDMAN is president and general manager of the National Machinery Company of Tiffin, Ohio. He has been interested in the development of Nova University for several years. His principal hobby is music.

Standing, Left to Right

GREGORY J. BARRY, Treasurer, is a retired business executive from Syracuse, New York, a member of the Navy League, the Power Squadron, the Harvard Club and the Lauderdale Yacht Club. "Greg" was a charter Director of GOLD KEY, and has now accepted the responsibilities of the Treasurership.

ACCOMPLISHMENTS IN 1967 (Cont'd)

It hosted its own members and briefed them as guests of Dr. William S. Richardson, aboard the University's Oceanography houseboat headquarters off the Intracoastal Waterway.

Several GOLD KEY members played key roles in the effort to land the Federal ESSA operation for Port Everglades.

The first Annual Dinner with Capt. L. L. Jackson, Commanding Officer of AUTECH, headquartered on Andros Island, and a distinguished authority on nuclear-powered attack submarines.

The Spring Dinner, with wives present, to hear Dr. Charles E. Gauss on "Education in America, Yesterday and Today."

Chartered a 162-place EAL jet for a "Nova University Rendezvous" at EXPO-67, Montreal, for an important group of University supporters.

The Second Annual Dinner with Dr. George Gallup, Princeton, N.J., Director of the Institute of Public Opinion as principal speaker.

OFFICIAL FAMILY (Cont'd.)

AUGUST BURGHARD, long time resident and active in historical and conservation fields, is Executive Director of GOLD KEY.

JOHN E. MORRIS, JR. is a member of the law firm of Rogers, Morris and Ziegler. He is a long-time resident of Fort Lauderdale, active in the Methodist Church and Masonic circles, and is a member of the Estate Planning Council. Travel, gardening and forestry (pine plantations) are hobbies.

G. RUSSELL FRENCH, a Pompano Beach leader whose business is banking and whose hobby is yachting. "Russ" is chairman of the Board of the First National Bank of Pompano Beach. He came to Broward from Detroit. He is a member of the Coral Ridge Yacht Club, Key Largo Anglers' Club, the Detroit Club, Detroit Athletic Club, Country Club of Detroit and the Grosse Point Club.

R. O. "BOB" BARBER is president of Univis, Inc., is a trustee of Nova University; and is active in the Lauderdale Yacht Club and Coral Ridge and Tamarac Yacht Clubs and engages in his hobbies of boating and swimming as his busy schedule permits.

JAMES FARQUHAR, a Broward cattleman, is chairman of the Board of Nova University Trustees, and one of the founders of GOLD KEY. He enjoys his hobbies of travel, music and art. . . . Jim was an honored guest at the first meeting of Cy Young's Board.

LEO GOODWIN, JR. is another of the Nova University Trustees who is also serving on the GOLD KEY Board. He is an investment banker and is the owner of the Marina del Americana just east of Port Everglades and the Intracoastal Waterway and south of the Brook Memorial Causeway.

PRESIDENT'S CORNER

GOLD KEY membership offers unique opportunity to a man.

For only his \$1,000 membership fee, a man can actually become a creator of a TWO MILLION DOLLAR NOVA UNIVERSITY ENDOWMENT . . . or its equivalent.

That is, his and 99 other \$1,000 memberships (our Goal is 100 members) represent the annual income from a sizeable (\$2,000,000) trust.

A trust which will endow perhaps three Chairs, or top Professorships.

Although still very young, GOLD KEY is closer to this goal than many might think.

A stylized, handwritten signature in dark ink, appearing to read "Cy Young".

Melvin R. "Cy" Young
President
GOLD KEY of Nova University

ACCOMPLISHMENTS IN 1967 (Cont'd)

By far, the most important accomplishment last year was its success in interesting and educating an important segment of the Broward County leadership on the economic and cultural wealth implicit in the development of Nova University;

In its ability to provide needed income for the University in its critical formative years;

And the creation through the University of a climate conducive to the greater intellectual and economic growth of Broward County.

GOLD KEY received its first officers in May, 1967.

The Board, consisting of Robert O. Barber, Gregory J. Barry, L. F. R. Bellows, James Donn, Jr., Russell French, Leo Goodwin, Jr., and Frederick B. Youngblood, held its first meeting on May 12 and unanimously elected Mr. Youngblood president.

Director R. O. Barber offered GOLD KEY the use of closed-circuit TV equipment from Univis to record, for GOLD KEY's Annual Spring Dinner, the world vision of the need in Southeast America for an institution such as Nova as expressed by Nova's distinguished Advisory Board, which assembles here next month.
